

2008 | IMPREZA 2.5i

READY TO MOVE.

IT'S WHAT MAKES A SUBARU, A SUBARU.

THE SUBARU IMPREZA

SWITCH OVER TO THE FUN LANE.

It's a wide open world. And you're in the driver's seat, calling the shots. Choose a car that's up for anything you are with the brand-new 2008 Subaru Impreza. With your choice of 4-door or 5, a long list of standard and available amenities, and roomy versatility, it's the car to help you work and play. It has the nimble handling and all-wheel drive control for curvy roads or to steer around pesky potholes. And because it's a Subaru, it's built from the ground up with the active and passive safety features to help avoid collisions or to survive one. So go out. Have a good time. And do your thing with confidence.

Have u been up this season? I heard there's a ton of powder!

I just need 2 pick up my surfboard from Derek's n then I'll be right over :)

Can u take me 2 the airport 2morrow nite at 8? I'm sooooo excited...2 weeks in South America!!! U better not tease about the luggage!

U and Megs wanna ride 2 the party with me 2nite?

Thanx 4 helping me move into my new apt! I can't believe how much stuff fit into ur car!

Coffee sounds perfect! Meet u at the corner cafe in 30?

Got all my camping gear loaded up. I'll call ya when I'm on my way!

Can u bring some good tunes for us 2 play on the way up 2 the mountain plz?

My house then dancing 2nite! We can just all pile in my car.

> **VERSATILITY**
TO GEAR UP FOR YOUR LIFE.

INTERIOR

You love your gadgets. So do we. That's why we equipped the Impreza with all the available features you want to be entertained, informed, connected. A touch-screen navigation system lets you explore any neighborhood without breaking a sweat. A premium audio system keeps the tunes flowing, whether it's from the satellite feed,¹ your iPod, CD/MP3 or the radio. You can govern the sounds without distraction with the steering wheel controls. And a multi-position driver's seat provides the ideal perch from which to rule over it all.

NAV NAVIGATION SYSTEM

Just a few taps on the available navigation system and you'll have an instant guide, across town to that out-of-the-way diner or on your cross-country road trip. With a 7" display, you can even enjoy a DVD while the car is parked. Remember to get off the interstate and explore all the small towns on the way.

AUDIO SYSTEM

The music never ends with an in-dash 6-disc CD changer pumping out music through its 10 speakers. Managed by steering wheel controls, the available premium audio system is enhanced with SRS Circle Surround Automotive to mimic live performances. It'll also display information on track, artist and title.

SATELLITE RADIO

Listen to indie, rock, or even your favorite uncensored talk show in digital-quality sound, wherever your journey takes you. You'll get a minimum of interruptions and accessibility from coast to coast. Every Impreza is pre-wired for XM[®] or SIRIUS[™] Satellite Radio,¹ while navigation-equipped models give you standard SIRIUS that lets you access over 130 channels of satellite feed.²

¹ With your paid subscription and additional equipment.
² Activation and monthly subscription sold separately.

AUDIO/VIDEO JACKS

Auxiliary audio/video jacks, included with the navigation system, let you plug in nearly any portable media player, from your iPod[®] to a video player or gaming console. Plug it in and your tunes will flow through the optional 10-speaker SRS Circle Surround Automotive[™] premium audio system. The video portion plays on the in-dash screen when the car is parked.

TRIP COMPUTER

Get instant info on your average fuel economy and ambient temperature. Impreza models equipped with the navigation system also come with an enhanced trip computer. When you're not using the navigation, you can get information on your fuel economy, maintenance reminders, a calendar, calculator and controls for vehicle settings.

STEERING WHEEL CONTROLS

Set the standard cruise control to your chosen speed and maintain your velocity. Control your audio system while keeping your hands on the steering wheel where they should be with the available steering wheel controls. They let you manage your tunes so you can listen to whatever you feel like.

FLEXIBILITY

Just because your place is cramped doesn't mean that your car has to be. With the roomy comfort of the Impreza, you can fit all the friends and stuff you need for your life. You can choose 4-door style or 5-door capacity. With rear doors that open wide, entering and exiting the car gets a whole lot easier. Everyone will notice the generous headroom and legroom. And its versatile seating configuration means that you won't have to choose between friends and luggage. With accommodations like this, calling shotgun may be rendered obsolete.

FLEXIBLE SPACE

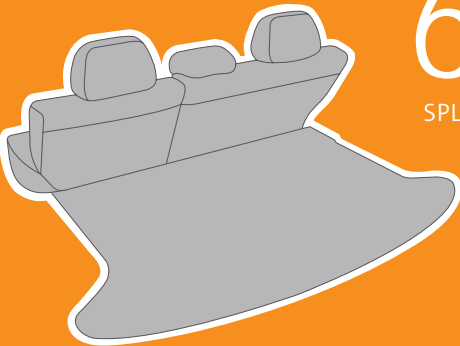

Both the 4- and 5-door Impreza let you transport a myriad of differently sized objects with their 60/40-split folding rear seats. With both the rear seat backs up, you can seat three friends. It also allows for two passengers and a long item, or one passenger and gear for everybody. Or fold both for full access to the trunk or cargo area.

CARGO AREA

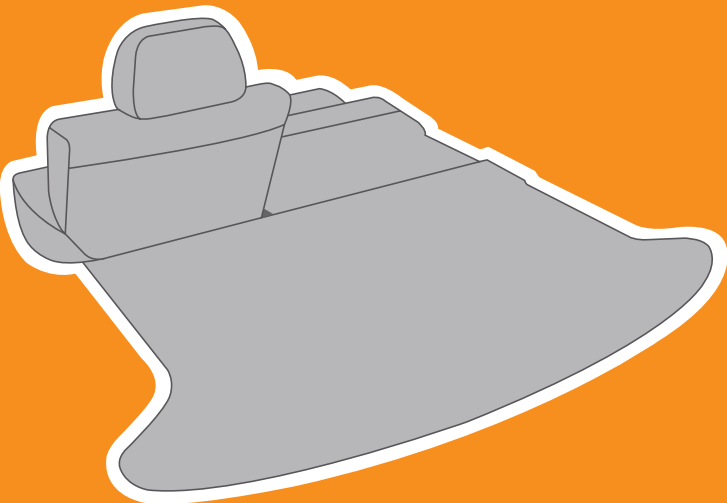

The 5-door's remarkably wide cargo area features a standard retractable cover. And the rear suspension of the new Impreza doesn't just help handle better, it helps it handle more. The 5-door offers up to 19.0 cu. ft. of space with both rear seats in use. With both rear seats folded, you can make full use of the maximum 44.4 cu. ft. of cargo capacity. Meanwhile, the 4-door can take on three golf bags in its 11.3 cu. ft. trunk.

STORAGE

You'll find plenty of storage compartments around the cabin, such as door bins for all four doors and a sizable available center console. Keep hydration within easy reach with bottle holders in all four door bins. In the cargo space of the 5-door, there are nooks to hold small items to keep them neat and organized, as well as cargo hooks and tie downs. And a retractable cargo cover keeps it all covered from prying eyes. The Outback Sport even equips you with standard cross bars to carry even more.

> POWER AND CONTROL
TO DRIVE LIKE YOU MEAN IT.

SUBARU BOXER ENGINE

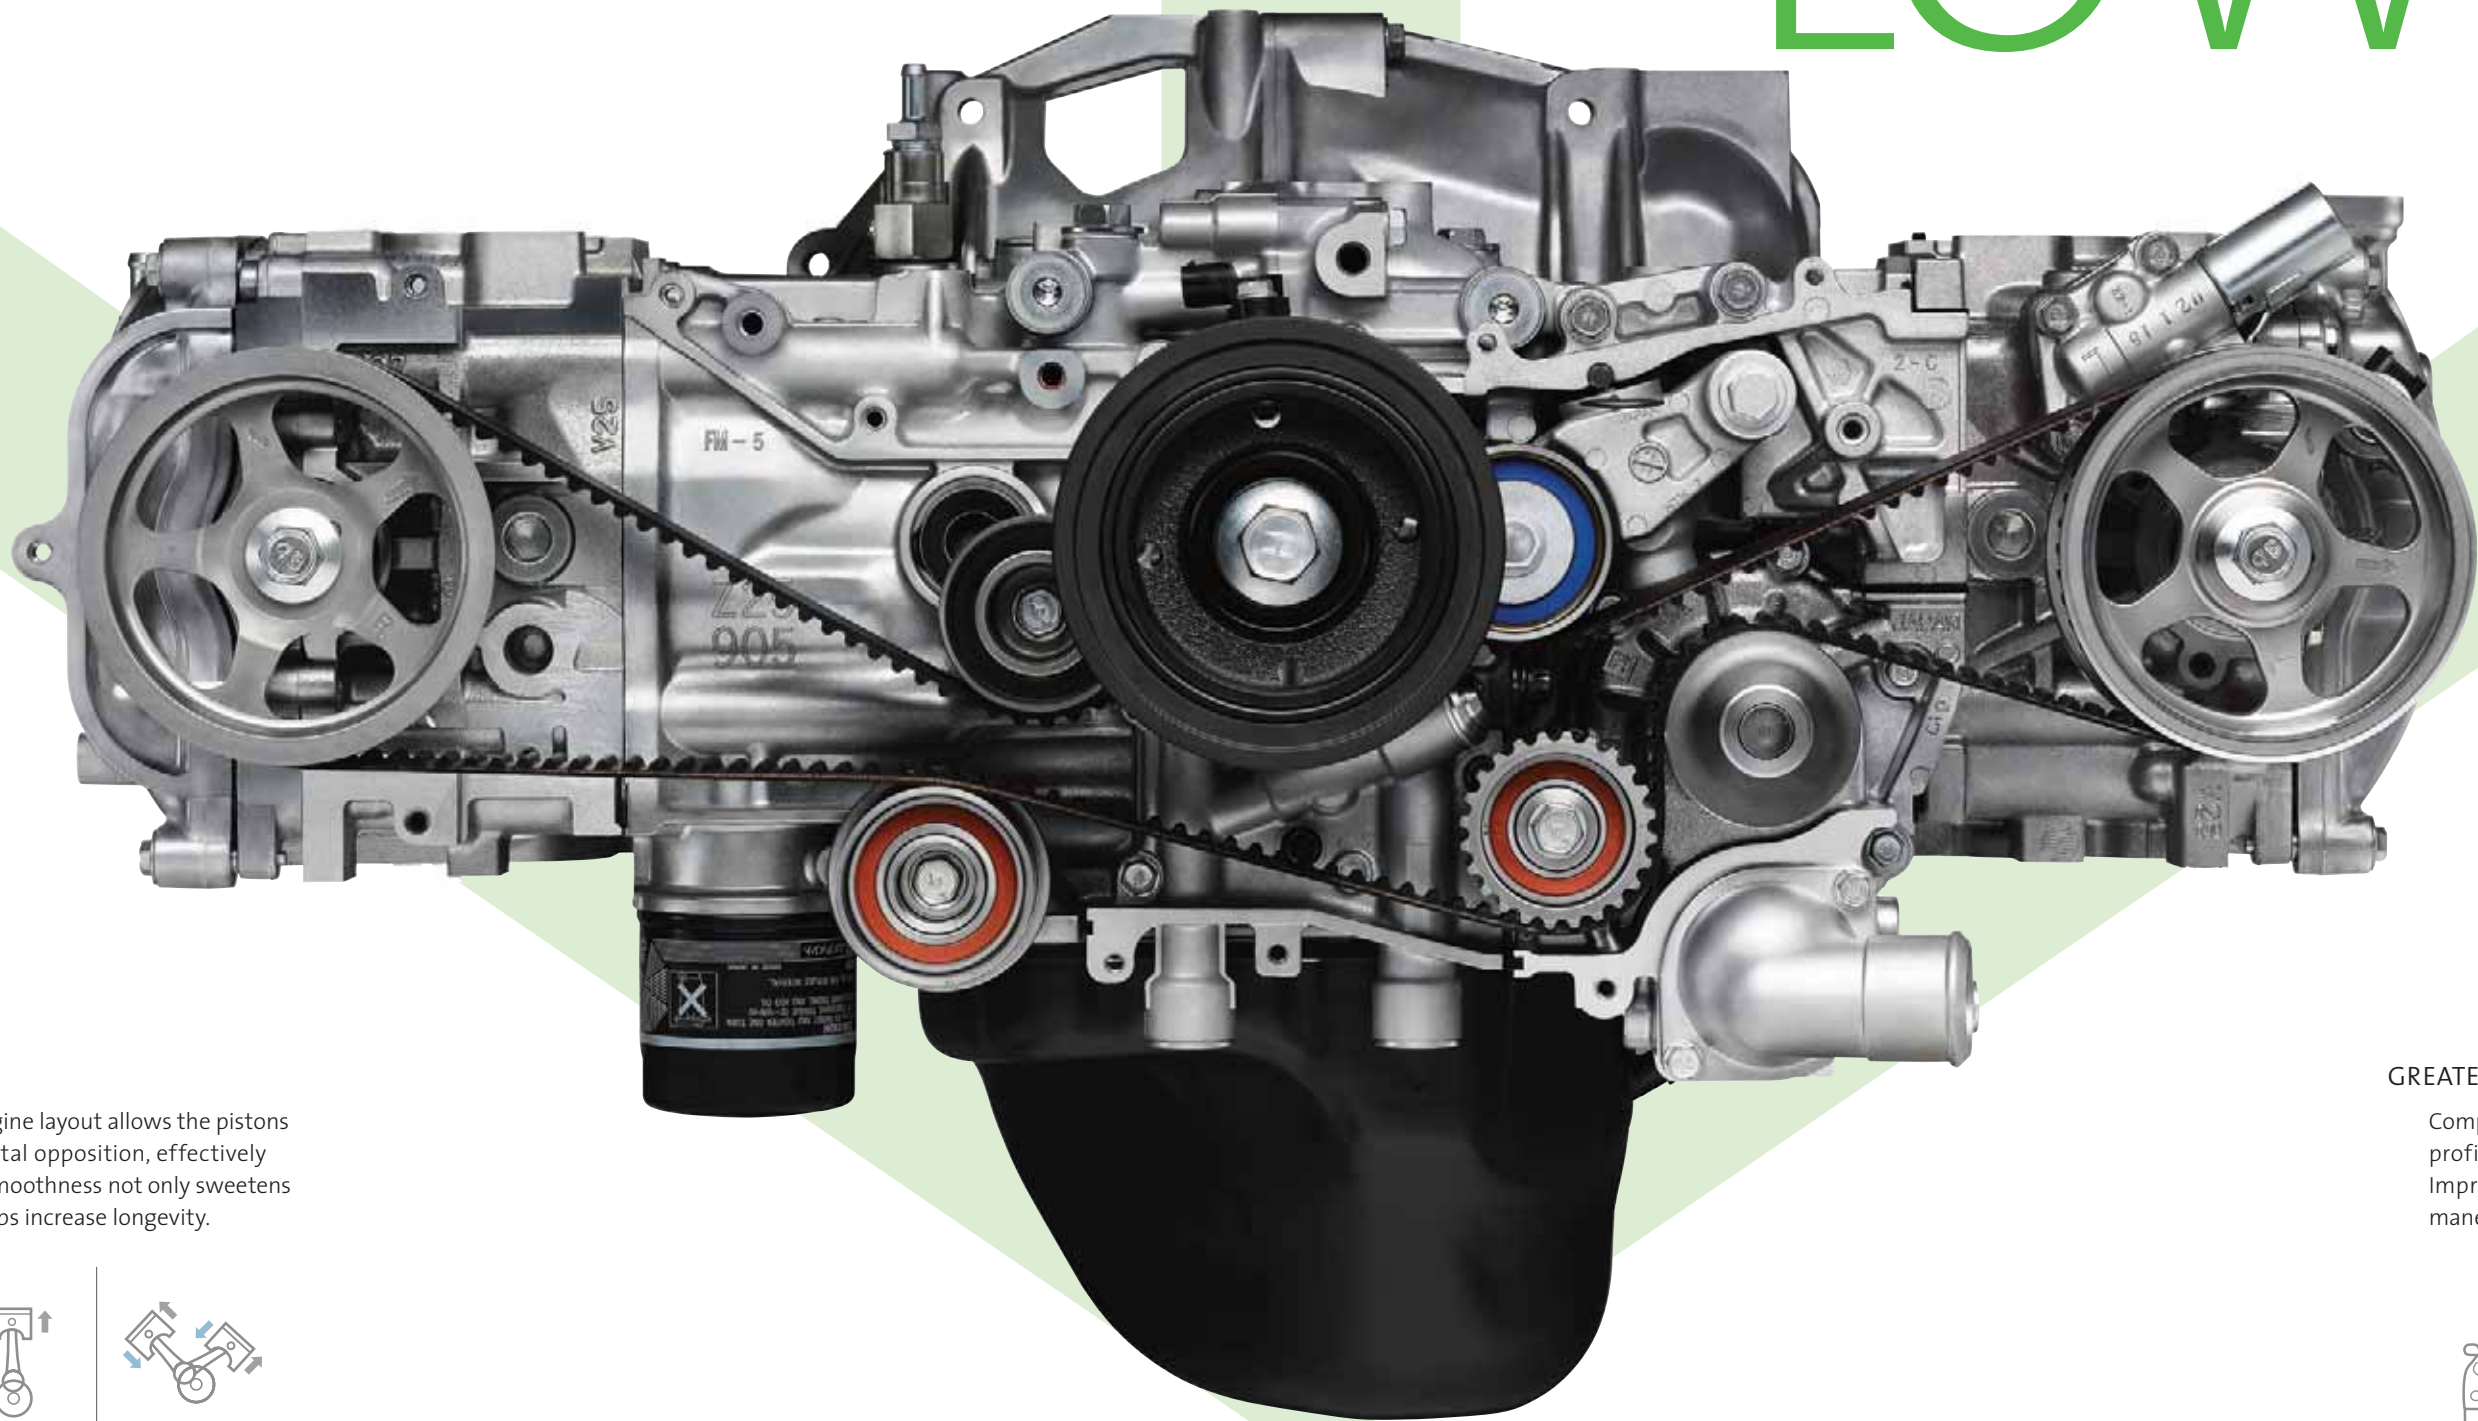

Every engine generates power. But the unique, efficient 170-horsepower 2.5-liter SUBARU BOXER engine of the Impreza gives you so much more. The flat, horizontally opposed configuration empowers your Impreza with a lower center of gravity for precise handling and stability. So your car goes where you want it to, especially when changing directions quickly, impressing drivers and safety experts alike. Its layout

also ensures smooth, plentiful power, matched with the efficiency and durability for everyday driving. And it meets some of the toughest emissions standards in the country. Performance. Safety. Reliability. Much like the jabbing motion of a boxer's arms that it's named after, it packs quite a punch.

HIGH

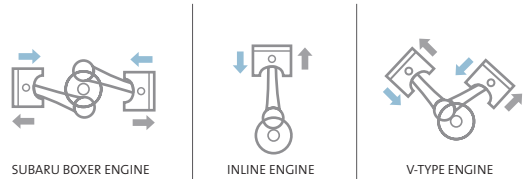

PLACE

LOW

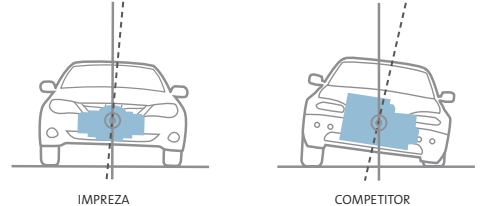

SMOOTHER OPERATION

The 180-degree boxer engine layout allows the pistons to move in exact horizontal opposition, effectively negating vibrations. Its smoothness not only sweetens power delivery, it also helps increase longevity.

GREATER CONTROL

Compared to other types of engines, the lower profile of the SUBARU BOXER engine helps the Impreza lean less around curves and while maneuvering, giving you greater control overall.

Impreza Outback Sport in Newport Blue Pearl/Steel Silver Metallic.

BRAKES

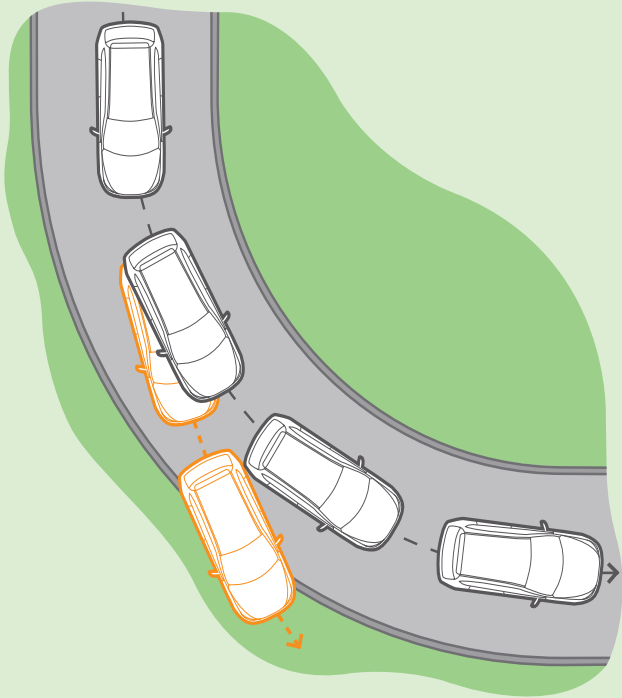

A standard Anti-lock Brake System (ABS) is enhanced with Electronic Brake Distribution (EBD) to apportion power to the front and rear wheels. And available Brake Assist aids in maximizing emergency halts. When it comes to your well-being, you'll find that the Impreza is uncompromising about safety.

SUSPENSION

Riding on an all-new double wishbone rear suspension the Impreza is all about smooth, polished road manners with more than enough verve to take on those curvy canyon roads. And it comes with standard 16-inch wheels. On the Outback Sport, you get 17-inch wheels and a raised suspension that puts many unpaved roads within reach.

PERFORMANCE

Driving is about more than just going fast. It's about piloting a car that responds to your every input with precision and predictability, giving you the confidence to maneuver around tight corners or merge onto freeways with equal enthusiasm. It's about volunteering to drive everyone to the beach even though you drove the last time, just because it's enjoyable. The Impreza is engineered to be greater than merely a means of transportation. Because "going for a ride" should be just as pleasant as getting there.

VDC

VEHICLE DYNAMICS
CONTROL

The available electronic stability control system helps keep you on your intended path by measuring variables such as steering input, braking and vehicle angle. Sensing any slide that causes the vehicle to deviate from your intended course, VDC applies individual brakes and/or reduces engine power to counteract the slide and help keep you safely in control.

INCLINE START ASSIST

Parking or stopping on hills with your manual transmission and VDC-equipped Impreza is simplified with the available Incline Start Assist feature. It keeps the brakes on for a bit while you're switching your foot from the brake to the gas pedal. It helps to prevent the car from rolling backwards.

TRANSMISSIONS

Choose between the smooth-shifting 5-speed manual that's fully-synchronized for precise action. Or opt for the convenience of the 4-speed automatic transmission with SPORTSHIFT® manual control that lets you set it in Drive when you want to, or lets you switch gears manually by moving the shifter up or down.

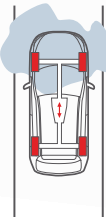

SUBARU SYMMETRICAL ALL-WHEEL DRIVE

Fresh powder. Sandy roads. Slippery asphalt. You never know what's coming. So give yourself the adhesive advantage of the standard Subaru Symmetrical All-Wheel Drive (AWD) system to keep all four tires sticking to the road. Its uniquely balanced configuration helps ensure stability and poise. Its efficiency at transmitting power delivers greater grip and quick response to slippage. And we've been perfecting AWD for over 30 years. Giving you the confidence to handle virtually any road on your own terms.

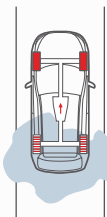

NON-SLIP GRIP

CONTINUOUS AWD

Impreza models equipped with the 5-speed manual transmission use a viscous-locking center differential. Should wheel slippage occur, it helps transfer power to the wheels with the most traction.

ACTIVE AWD

Matched to the 4-speed automatic, the Active AWD system monitors parameters such as wheel slippage and vehicle speed, actively adjusting power to the front or rear wheels for optimal adhesion.

› ENGINEERING
FOR AGILITY AND PROTECTION

Impreza 2.5i 4-door with Premium Package in Lightning Red.

STRENGTH AT ITS

CORE

◆◆◆◆◆ for front collisions.¹

- National Highway Traffic Safety Administration

ACTIVE SAFETY

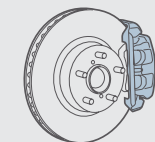

Keeping you safe begins with the traction of Subaru Symmetrical AWD and responsive handling to help keep your vehicle in control. These inherent Subaru advantages are supported by a comprehensive array of features to help you in an emergency. At Subaru, every innovation is designed with your protection in mind.

ELECTRONIC STABILITY CONTROL

The available Vehicle Dynamics Control (VDC) system continually monitors driving conditions to detect and help correct unintended deviations in the vehicle's trajectory and help set you back on the correct path.

BRAKE ASSIST

This feature helps provide safer braking in a panic stop. By sensing the speed with which the brake pedal is depressed, maximum brake pressure is immediately applied even if your right foot doesn't supply enough force.

FRONT, SIDE AND SIDE-CURTAIN AIR BAGS²

An intelligent front air bag system senses front-passenger seat occupancy to determine the safest deployment level. Side-curtain air bags help protect front and outboard rear seat passengers.

ACTIVE HEAD RESTRAINTS

Get the most protection possible from injuries with the front seats, which incorporate active head restraints that move with the impact of a collision to help reduce the chances of whiplash.

Our multidimensional approach to safety is integrated into every Subaru. Every part, from advanced control technologies right down to the welds of the reinforced structure, has been engineered to provide the greatest amount of protection. Providing you with the peace of mind that is the essence of every Subaru experience.

Image above shown for illustration purposes only.

PASSIVE SAFETY

Subaru innovations not only help you evade a collision. They help you and your passengers avoid injury, thanks to features like side-impact beams, active front head restraints and the Subaru safety pedal system. A full array of air bags and a Ring-Shaped Reinforcement Frame around the cabin help dissipate the energy of an impact. Together, they help the Impreza achieve top ratings in crash tests.

¹ Ratings for 2007 Impreza. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit safercar.gov for more information.

² Always wear seat belts. Children should be properly restrained in the rear seat.

Impreza 2.5i and Outback Sport Specifications

ENGINE AND DRIVETRAIN	IMPREZA 2.5i	OUTBACK SPORT
Engine	2.5-liter SOHC aluminum-alloy 16-valve horizontally opposed SUBARU BOXER engine with i-Active Valve Lift System. Platinum-tipped spark plugs.	
Power	170 hp @ 6,000 rpm	
Torque	170 lb.-ft. @ 4,400 rpm	
Compression ratio	10.0:1	
Bore and stroke	99.5 x 79.0 mm	
Intake system	Aluminum-alloy intake manifold	
Fuel and ignition system	Sequential multiport fuel injection. Electronic Throttle Control (ETC). Engine management with integrated self-diagnostics and adaptive driving habits capability. Distributorless electronic ignition.	
Manual transmission	Standard fully synchronized 5-speed manual	
Automatic transmission	Optional 4-speed electronic direct-control automatic with SPORTSHIFT® manual control	
Emissions	Certified Low Emission Vehicle (LEV2)	

FUEL	
Fuel economy (city/highway)	Manual: 20/27 mpg Automatic: 20/27 mpg
Fuel requirement	Unleaded gasoline (87 octane)

SYMMETRICAL ALL-WHEEL DRIVE	
Continuous All-Wheel Drive	Models equipped with 5-speed manual transmission utilize a viscous-type locking center differential with torque distribution normally configured at a 50/50-split front-to-rear. If wheel speed differs between front and rear axles, the system helps distribute power to the wheels with the most traction.
Active All-Wheel Drive	Models equipped with 4-speed automatic transmission utilize an electronically controlled variable transfer clutch to distribute power to where traction is needed. Sensors monitor parameters such as wheel slippage, throttle position and braking, to help determine torque distribution and direct it to the wheels with optimum traction.

STABILITY AND TRACTION	
Vehicle Dynamics Control (VDC)	Available VDC electronic stability control utilizes sensors which constantly monitor wheel speed, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path.
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

CHASSIS		
Steering	Engine-speed-sensing variable power-assisted rack-and-pinion. Turns lock-to-lock: 2.8. Turning circle: 34.8 ft.	
Suspension	2.5i: 4-wheel independent suspension. Front: Strut-type with lower L-arm. Stabilizer bar. Rear: Double wishbone.	
	Outback Sport: 4-wheel independent raised suspension. Front: Strut-type with lower L-arm. Stabilizer bar. Rear: Double wishbone.	
Brakes	Standard: Front-wheel ventilated disc, rear-wheel drum. Optional: 4-wheel disc, ventilated front. ¹	
	4-channel, 4-sensor ABS with Electronic Brake-force Distribution (EBD)	
Brake Assist ¹	When emergency braking is detected by how quickly the brake pedal is applied, maximum brake pressure is immediately applied.	
Brake dimensions	Standard: Front: 10.9 in./Rear: 10.0 in. Optional: Front: 10.9 in./Rear: 11.3 in. ¹	

WHEELS AND TIRES		
Wheels	Standard: 16 x 6.5-inch steel with alloy wheel look covers. Optional: 16 x 6.5-inch 12-spoke aluminum alloy. ¹	17 x 7.0-inch 6-spoke aluminum alloy. High-luster finish.
Tires	205/55 R16 M+S all-season	205/50 R17 M+S all-season

● Available — Not available

¹ Optional as part of Premium Package. See equipment listing above. ² Available as an accessory. Satellite radio hardware and required monthly subscription sold separately. See your dealer. ³ The Supplemental Restraint System (SRS) (air bags) affords the driver and front passenger additional protection in a moderate to severe frontal or side-impact collision. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. ⁴ Manual transmission only. ⁵ Activation and required monthly subscription sold separately. See your dealer. ⁶ Requires accessory microphone. See your dealer.

GENUINE SUBARU ACCESSORIES

Make a Subaru your Subaru with Genuine Subaru Accessories. From styling enhancements to storage solutions, you can outfit your Subaru to be as unique as your adventures, giving you the versatility to take everything—and anything—you need. And backed by a 3-year or 36,000-mile limited warranty, they're built with Subaru reliability in mind.

1 AUTO-DIMMING MIRROR WITH COMPASS AND HOMELINK®

The rearview mirror darkens when headlights are detected from behind the vehicle. And it includes an electronic compass with three integrated HomeLink buttons which can be programmed to operate most garage door openers and other HomeLink compatible devices.

2 HOOD PROTECTOR

This hood protector is designed to match the contours of the hood and helps protect it from stone chips and bugs.

3 SKI & SNOWBOARD CARRIER

Gear up for the slopes with this carrier rack that holds up to six pairs of skis or four pairs of skis and poles. May also be used to carry snowboards or fishing rods.

4 HEAVY-DUTY ROOF CARGO BASKET

Constructed of powder-coated steel, it includes mounting hardware, black stretch net with hooks and a custom fairing to help reduce wind noise. Shown with Fork Mounted Bike Carrier and optional Front Wheel Holder. Both sold separately. Measures 44" L x 39" W x 6.5" H.

Consult vehicle owner's manual for total roof load limit.

9 SATELLITE RADIO

Listen to over 130 channels of music, sports, news, weather, talk and comedy, all in crystal clear digital-quality sound. Your choice of XM¹ or SIRIUS².

10 REAR SPOILER

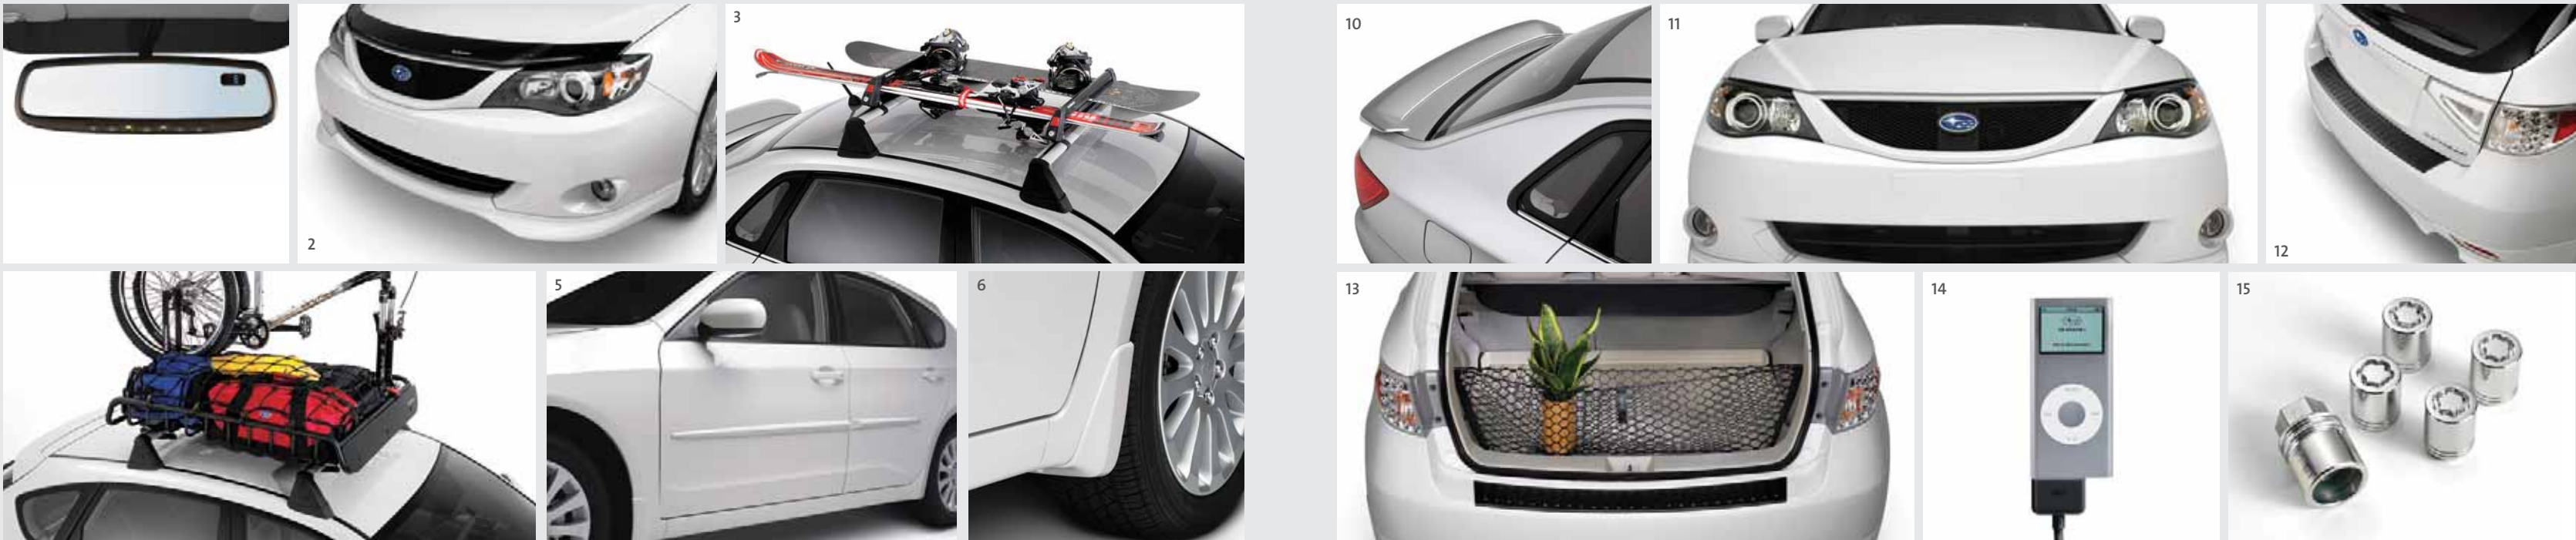

Color-matched rear spoiler adds a stylish performance look to the 4-door Impreza 2.5i. Includes integrated brake light.

11 SPORT MESH GRILLE

Features a bold metal mesh design that adds an aggressive look to both 4 and 5-door Impreza 2.5i. Comes pre-painted and ready to install.

12 REAR BUMPER COVER

Protect the upper surface of the rear bumper from scratches and dings with a rugged rear bumper cover.

5 BODY SIDE MOLDINGS

Color-matched moldings help protect doors from parking lot dings while attractively blending with the lines of the car.

6 SPLASH GUARDS

Help protect your vehicle's paint finish from stone chips and road grime with these custom fitted splash guards. Set of four.

7 ALL-WEATHER FLOOR MATS

Custom-fitted, heavy-gauge floor mats help protect your vehicle's carpet from sand, dirt and moisture.

Not intended for use over top of carpeted floor mats

8 REMOTE ENGINE STARTER

Conveniently allows vehicle to be started by remote control (up to 400 feet away depending on obstructions) so that the vehicle's interior temperature is more comfortable upon entry.

13 CARGO NETS

Cargo nets help keep the cargo area organized and your belongings secured.

14 IPOD® INTERFACE

Take your music, podcasts, and audiobooks on the road with the Subaru iPod Interface. Control your iPod through the factory head unit and steering wheel controls (if equipped) while scrolling text displays artist, album, song, or playlist information. The dock connector is located in the center console compartment.

Not compatible with vehicles equipped with Navigation or Satellite Radio. See www.subaru.com/ipod for complete details.

15 WHEEL LOCKS

Help to deter theft of wheels and tires.

1 Required monthly subscription sold separately after trial period ends. Other fees and taxes may apply, including a one-time activation fee. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement included with the XM Welcome Kit and available at xmradio.com. Only available in the 48 contiguous United States. © 2007 XM Satellite Radio Inc.

2 Required monthly subscription sold separately after trial period ends. Other fees and taxes may apply, including a one-time activation fee. Subscription fee is consumer only. All fees and programming subject to change. Hardware, subscription and activation fee required. Hardware and subscription sold separately. Installation required with some equipment. For full Terms and Conditions, visit Sirius.com. Prices and programming are subject to change. Not available in HI and AK.

FOR A COMPLETE LIST OF AVAILABLE ACCESSORIES, VISIT YOUR LOCAL SUBARU DEALER OR LOG ON TO WWW.SUBARU.COM.

OWNERSHIP BENEFITS

Enjoying your Subaru for years to come—that's the promise of our comprehensive warranties and roadside assistance program. It's a fact attested to by 95% of Subaru vehicles sold in the past 10 years that are still on the road today.¹ It's the confidence you feel when you get behind the wheel.

NEW CAR LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first.

POWERTRAIN LIMITED WARRANTY

5 years or 60,000 miles, whichever comes first.

RUST PERFORATION LIMITED WARRANTY

5 years, unlimited mileage.

WEAR ITEM LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first. We cover you where others don't. Repairs to the following items will also be covered under warranty.

- Brake Pads
- Wiper Blades
- Clutch Linings
- Transmitter Batteries
- Shoe Linings

THE SUBARU ROADSIDE ASSISTANCE PROGRAM

This comprehensive package covers all 2008 Subaru vehicles during the first 3 years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner's Information Kit, Subaru owners can take advantage of any of the following benefits:

- 24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the continental United States including Alaska.
- Emergency Towing Service to the nearest authorized Subaru dealer.
- Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

SUBARU ADDED SECURITY®

It's possibly the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the only one backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that's best for you, up to 7 years or 100,000 miles.

SUBARU.COM

Begin your Subaru experience right in your own home. Here, you can find extensive information, including specs, photos and reviews. Build your own Subaru, locate dealers and schedule a test drive. After your purchase, activate your free My.Subaru site, where Subaru owners can track their vehicle's service history, schedule service appointments, receive special offers exclusive to My.Subaru members and much more.

SHARE THE EARTH

Integral to the Subaru ownership experience is understanding our never-ending commitment to finding innovative ways of preserving the environment. It's about leaving as small a footprint as possible—respecting the Earth, respecting the future, and respecting the consumer. Resulting in technology with real-world benefits that everyone can enjoy.

As a corporation, we feel that it is essential to be responsible citizens of Planet Earth. Our dedication to ease the burden on the environment at every stage begins from the time that a vehicle is conceptualized to when it's fully integrated into your life. During the process, we've become the first U.S. auto assembly plant to achieve zero landfill status, with the entire plant generating less waste than the average U.S. household. We've received ISO 14001 certification for recycling and waste reduction in every stage of manufacturing, marketing and sales. And we offer a full array of vehicles that meet PZEV (Partial Zero Emissions Vehicle) classification.² Some of our most popular models have received the EPA's prestigious and stringent SmartWay® certification, which means they emit lower amounts of pollutants that cause smog, spew less of the carbon dioxide that causes global warming, and have impressive fuel economy compared to other vehicles in their class.³

¹ Based on R. L. Polk & Co. registration data in the U.S. 1997 to 2006. ² For 2008 Outback 2.5i, Legacy 2.5i and Forester 2.5X models certified as Partial Zero Emission Vehicles (PZEV) that are sold, registered and operated in California, Connecticut, Maine, Massachusetts, New York, Rhode Island or Vermont all emission parts are covered for 15 years/150,000 miles, whichever comes first. For complete warranty and program information, including coverage and disclosures see your Subaru dealer or log on to www.subaru.com. ³ For select Outback, Legacy and Forester models, the SmartWay mark is based on the vehicle's officially certified exhaust emissions and greenhouse gas scores. Visit www.epa.gov/greenvehicles for more information.

Ready to move. | It's what makes a Subaru, a Subaru.
